

## Faith Formation For Adults & Young Adults

Mystagogy is an important step of continuing education of the faithful after reception of the Sacraments of Initiation. It was practiced in the ancient catechumenate to instruct the new converts in the mysteries of the sacraments. Today, with the recent call for the New Evangelization, more and more Catholics are finding weaknesses in their ability to discuss and holes in their knowledge to defend their faith. Our programs for adults are designed to fill in those gaps and, at the same time, to provide fellowship with other parishioners with similar desires.
